## NATIONAL REPUBLICAN.

From the Macon (Ga.) Gazette, of Sept. WAR SONG OF THE MACON LIGHT DRAGOONS

To horse! To horse! the standard flies
The bugles sound the call!
Your glit ring sabres quickly seize,
The voice of battle's on the breeze.
Arouse ye! one and all!

From Georgia's fertile plains we come,
A band of brothers true,
Our cass as the leopard's spoil surround,
Our neigoing chargers paw the ground,
We brast the red and blue.

And shall we bend the stubborn head, In freedom's temple born, Press our pale cheeks in timid smile, To hall a master in our isle, Or brook a victor's scorn?

No! though destruction o'er the land Come pouring as a flood, The sun that sees our falling day. Shall mark our sabres' deadiy

And set that night in blood!

For gold let Scott's dull legions fight, Or plunder's bloody gain, Unbribed, unbought, our swords we draw To guard our country and our law, Nor shall their edge be vain.

And now, while breath of Northern gale Still fans the tri-color. And footsteps of invader rude, With rapine foul and red with blood, Pollutes the happy shore,

Farewell, dear friends, and farewell homes, Adieu each tender tie, Resolved, we mingle in the tide, Where charging squadrons furious ride To conquer or to die!

To horse! To horse! Our sabres gleam, High sounds the bugle's call, Combined with honor's sacred tie, Our word is law and liberty, March forward, one and all!

[Floyd must have furnished this to the Georans, for it is nearly all stolen from Mr Walte

AS A PREVENTIVE FOR FEVER AND AGUS

THESE BITTERS ARE NOT EQUALLED. W. V. M. S. W. O'NHELMY, Propeletors, Bosto.

THE OBJECT of all medicine is either to pre ent disease, or to assist Nature in resta the various organs of the body to a healthful action, and that medicine is certainly the best which will perform these offices thoroughly, yet mildly, and without endangering the vital forces of the system, by whose normal condition alone health and strength can be preserved. Most of the Bitters that have heretofore been brought into popular favor, have only served the purpose of temporarily stimulating or exciting the organs into a condition resembling healthful action, without any remedial effect, and generally followed by a return of the dis-ease, or a prostration of a nervous energy more disastrous than though Nature had been left to

take its own course. nutritive properties of the grain of the fields in combination with the active principle of many simple alteratives and bitter tonics, and it is a pleasure to the proprietors to state that its usefulness is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the testimony of many eminent physicians, who nave not only made trial of it, but continualiy pre scribe the Bitters in those cases for which it is

AGED PEOPLE, AND ALL WEAKLY

PERSONS. Consumptive patients, and others, whose constitutions have become impared by time, or en-feebled by disease, and in whom the process of digestion does not replace the fat and tissues of the body as fast as they waste, will find these Bitters at once nourishing and strengthening, and happily adapted for their use. The great advantage the Bitters possess over ordinary stimulants usually prescribed in treating lung complaints and kindred diseases, is the fact that they combine many safe and certain healing properties in connection with the best known stimulant.

DELICATE LADIES

Will derive great benefit from it. No unpleas ters, if the directions are followed. For those who suffer from nervous debility, languor, want of rest, exhaustion, and in all cases of weak-

ness, the Bitters are not equalled.

As an agreeable stomachic, it is much admired; it sharpens the appetite, brightens the intellect, and infuses new life and vigor. No one who uses these Bitters can be subject to an attack of FEVER and AGUE, or DIARRHŒA. Of all the ills that afflict men and women, few are so agonizing as Dyspepsia. It is a sort of combination of many diseases. Thanks to

cience and Dr. Greeket, a specific has now seen obtained. Greeket's Bourson Bitters take straight hold of the disease, and begin a cures of Dyspepsia, Indigestion, and Fever and ague, even of the most desperate kind, are in the possession of the proprietors. Not a few people, everywhere, complain of Weakness or Debility. This is the gentle hint of nature for a little help in the way of invig-

ration. The hint should n

"A stitch in time saves nine." Get a supply of JREBLEY'S BOURSON BITTERS, take them regulary, and our word for it you will feel better, live longer, be stronger, and think and act with very much more satisfaction. The Bitters are a tonic, and of a nature never before attained in any medicine. It will make the weak strong, the desponding hopeful, the mok well. For any complaint of the Stomach, Liver, or Bowels, there is nothing comparable with this medicine. In America, the Liver is the best abused of all the organs in the bedy. It is made the saddle of all other organs. As a consequence, it is often out of order, and not unfrequently nearly noperative. This need not be; on the con trary, it is quite unnecessary. A little common sense, and a sufficiency of Gereley's Bourson Bittess, will keep the Liver right, and make man a man, and woman, now miserable, quite happy. The Bitters regulate and strengthen

the Liver, no less than purify it.

The increase of Nervous Disorders, at the present day, is one of the most alarming indications of the age, or rather, would be, were it not that a most admirable cure had been found. There is not a phase of nervous dis-ease, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with indigestion, or any diseases of the Stomach, should not fall to make use of GREELEY'S BOUR-

ION BITTERS. Chills and Fever. In many portions of the United States, this terrible disease seizes its vicims as naturally as water seeks its level. The system, in a particular condition, invites it. The right medicine to prevent and cure this malady, we unhesitatingly say, is Garment's BOURDON BITTERS. It breaks up the fever, drives it from the system, and will keep it at bay, if taken in accordance with directions on the bottle. The Bitters purify and enrich the blood, and this in return strengthens the con-stitution. As an agreeable tonic, these Bitters have no equal.

have no equal.

Greeley's Bourbon Bitters are meeting a sale unparalleled in the history of popular medicines. In all diseases of the Stomach and Bowels they are a sovereign cure. The worst cases of Dyspepsia and Indigestion yield to the remarkable potency of the Bitters, which is as agreeable to the taste as it is speedy and unfailing in its good effects.
